Corvallis Rowing Club COVID-19 Guidelines

Assumption of the Risk Relating to COVID-19

COVID-19 is extremely contagious. As a result, federal, state, and local governments, and federal and state health agencies, recommend physical distancing and have prohibited the congregation of groups of people. The Corvallis Rowing Club (“CRC”) has put in place preventative measures to reduce the spread of COVID-19; however, CRC cannot guarantee that you will not become infected with COVID-19.

During the COVID pandemic, and until further notice, CRC members:

- are NOT allowed to enter the boathouse, erg barn, tank, bathrooms, and locker rooms until OSU permits;
- are allowed launch, row, and land singles and familial doubles and pairs from the OSU Rowing Facilities;
- are allowed to use the parking lot, ramp, and dock, and to access personal equipment in the tent and under the erg barn; and,
- must follow all other policies of the CRC as outlined in the [CRC Rules, Policies and Procedures](#) (2019), including not bringing non-CRC members to use the OSU Rowing Facilities that are available.

During the Rower Responsibilities

Safety is everyone's responsibility. By showing up to the OSU Rowing facilities during the COVID pandemic, CRC members are agreeing to:

- NOT come to the boathouse if you or someone you live with exhibit ANY of the COVID-19 symptoms;
- NOT come to the boathouse for 14 days if you have contact with someone who tests positive for COVID-19;
- NOT invite or bring non-CRC members to row from the OSU Rowing facilities;
- Follow all OSU and CRC policies, guidelines, and procedures;
- Abide by physical distancing of at least 6 feet, especially on the ramp and dock;
- Bring and have readily available, at all times, a face mask, bandanna, or other face covering when at the OSU Rowing facilities;

During the Rower Responsibilities (cont.)

Safety is everyone's responsibility. By showing up to the OSU Rowing facilities during the COVID pandemic, CRC members are agreeing to:

- Wear a face mask, bandanna, or other face covering when not on the water AND another person is present (face masks can be removed once you have launched your boat);
- Have available and use a personal supply of hand sanitizer;
- Wash/Sanitize hands before touching locks, and boats and oars (if asked to assist a non-familial other in carrying these items);
- Have available and use a personal supply of disinfectant and clean towels, or disposable disinfectant wipes, on equipment and locks before and after use;
- Refrain from touching equipment and items that are not yours; and,
- Be patient.
